

Public Health

Bachelor of Science

Description

The Bachelor of Science in public health is designed for students who are interested in interventions aimed at improving health outcomes for society at large. The field will prepare students with disciplinary knowledge about the socio-economic, cultural, racial, and policy aspects of public health. They will gain an understanding of research methods, analysis of health policy, conducting community needs assessments, epidemiology, statistics, occupational and environmental sciences, health behavior, advocacy, and communication.

Admissions Requirements

- A high school diploma or GED
- GPA of 2.0 or higher
- Official transcripts from all previously attended schools
- Completed application with Carolina University

Graduation Requirements

In order to become a candidate for graduation, a student:
