

LEA 812 - Grant Writing Management and Program Evaluation

3 Credit Hours

This course is designed to provide doctoral students with the knowledge and skills to oversee grant related procedures for public or nonprofit agencies. Students will explore gaining funds through proposals. Course topics will include: How to Access a Funding Source and How to Oversee the Development of a Written Proposal. Oversight of the application of evaluation methods, data interpretation, record-keeping, report preparation, and accountability will also be emphasized.
