

BT 203 - Apologetics

3 Credit Hours

Apologetics is designed to introduce students to a Christian worldview as seen in the unfolding nature of Scripture. Classical issues in apologetics are addressed, such as the existence of God, the problem of pain, the authority of the Bible, the supremacy of Christ, creation-evolution, and other religions. Contemporary issues in apologetics are also addressed such as modern views of human expression, sexual ethics, and perceived contradictions within the Bible.
