

EL 490 - Senior Design I

3 Credit Hours

This course is a capstone project. By completing this course, students have an opportunity to apply all the knowledge and skills they gained throughout the program to real-world problems. Students are expected to play a leading role in completing their projects with faculty guidance. This project can be used to demonstrate students' skills to potential employers as a strong indicator of their expertise in the field of Computer and Electrical Engineering.

Prerequisite: 30 or more EL course credits
