

Criminology

Master of Science

Description

The Master of Science (MS) in Criminology program provides advanced knowledge in crime, criminal behavior, and the criminal justice system. Students study criminological theory, research methods, policy analysis, and specialized topics like forensic criminology and terrorism. Practical experiences include research projects and internships to develop skills in data analysis and policy evaluation. Graduates are prepared for careers in criminal justice administration, research, policy analysis, and leadership roles in law enforcement and nonprofit organizations.

Admissions Requirements

- A bachelor's degree or equivalent from a recognized institution
- Credentials earned outside of the US must be evaluated by an approved agency
