

Sustainability

Master of Science

Description

The Master of Science in Sustainability (MSS) degree program prepares professionals for careers in the public sector, regulatory system, businesses, government agencies, and NGOs.

CU's program is multidisciplinary, combining elements of advanced study in various sustainability-related topics with other cognate areas such as leadership, business, and technology.

Admissions Requirements

- A high school diploma or GED
- GPA of 2.0 or higher
- Official transcripts from all previously attended schools
- Completed application with Carolina University

Graduation Requirements

In order to become a candidate for graduation a student:

1. Shall have completed a minimum of 30 credit hours at CU;
2. Shall have maintained a minimum academic average of C (higher for some programs);
3. Shall have passed all courses in his/her curriculum and made a C or better in key courses designated as essential in each program;
4. Shall have completed at least 24 of the final 30 hours with Carolina University.
