Governance

Piedmont International University is an independent organization of higher education; it is not affiliated with any denomination in an organizational form. However, as noted in the history section, the University is Baptist in polity and doctrine.

An independent Board of Trustees governs the University. The Board of Trustees has a maximum of 36 members who serve three-year terms. After two consecutive terms, a member may not serve for at least one year. The Board meets three times each year.

The Board of Trustees has an executive committee of ten members who meets with the President and other executive members of the Administration on a routine basis. This committee is available for review of decisions that may need to be made before the full Board meets in its tri-annual sessions.

The Board of Trustees delegates the operations of the University to the President who reports to the Board. The President, in turn, hires those persons, as authorized by the Board, to assist him in the organization functions of the University. He also hires those faculty members, again, as authorized by the Board, necessary to provide the educational services needed for the mission of the University.

The President, the other executive members of the University, and the faculty are approved individually by the Board. Other staff members are approved by the President with advisement to the Board.

History

Piedmont International University is a testimony to the vision and leadership of Dr. Charles H. Stevens, former pastor of Salem Baptist Church in Winston-Salem. Dr. Stevens, a man of fervent love for the Bible, was long noted as a “walking Bible” and a pastor with a passion “to teach the Scriptures as they are, to men as they are.” It was this intense desire to share the Word of God that led him to lay the foundations of what was to become Piedmont International University.

In September 1945, Dr. Stevens established the Piedmont Bible Institute to accommodate returning war veterans eager to begin long-delayed Bible studies. Classes were held in the educational facilities of his church for a number of years.

In January 1947, the Institute was officially chartered, and, under the direction of the Board of Trustees, plans were formulated for the enlargement of facilities and equipment. John M. Deeds Hall was the first major project to be completed in accordance with these plans.

In response to the recommendation of mission boards and leaders in the field of Christian Education, the Bible Institute enlarged its faculty and expanded its curriculum to include a Bible College in the spring of 1948. The first college students were enrolled in the fall semester of that year.

In 1956, Piedmont Bible College became an accredited member of the Accrediting Association of Bible Colleges, remaining affiliated with that organization until 2002. Although independent in operation, the institution is Baptist in polity and doctrine, premillennial (pretribulational) in interpretation, evangelistic in practice, missionary in emphasis, and compassionate in spirit. In addition to these tenets the standards of Christian conduct call for a life of devotion and consistent separation unto God from the world.

In the late 1950s and 1960s, the College continued to grow. New facilities were constructed, including Griffith Hall, a residence for single men located south of Deeds Hall. Classroom space was also added to Deeds Hall.

Dr. Donald K. Drake became president in 1970, succeeding Dr. Stevens who had served as president since Piedmont’s founding. Dr. Drake had arrived at Piedmont in 1967 as Business Manager after serving in the home office of the Association of Baptists for World Evangelism. An expanded emphasis on international missions characterized his presidency. The campus continued to grow in 1973 and 1974 with the addition of Lee Hall, a residence facility for single women, and the Chapel-Gymnasium complex adjacent to Griffith Hall.

In 1987, Dr. Howard Wilburn succeeded Dr. Drake as president. An experienced pastor and Th.B. graduate of Piedmont, Dr. Wilburn also earned his M.Ed. and Ed.D. from the University of North Carolina at Greensboro. Under his leadership, the institution was accredited by the Transnational Association of Christian Colleges and Schools, and in August 1994, the first graduate class was offered. Piedmont also began offering classes in Bangladesh.

Dr. Charles W. Petitt was inaugurated as the fifth president of Piedmont Baptist College in 2002, and the influence of Piedmont has continued to expand significantly. The merger, in 2004, of Piedmont Baptist College and Spurgeon Baptist Bible College in Lakeland, Florida, has created a world-class online education program – the Spurgeon School. In conjunction with the establishment of the Ph.D. program in 2006, Piedmont experienced a name change, becoming Piedmont Baptist College and Graduate School. The fall of 2008 saw the launch of the online Spanish M.A.B.S. Also in 2008 Atlantic Baptist Bible College in Chester, Virginia, merged with Piedmont, establishing the Atlantic Scholarship for Ministry Training and assisting Piedmont in continuing its rich heritage of preparing young people to serve the Lord throughout the world by providing a quality biblical education.

In January, 2012, recognizing its continuing dedication to a strong general education core, its expanding emphasis on graduate education, and its passionate commitment to international education and ministry, Piedmont Baptist College and Graduate School became Piedmont International University.

Location

Piedmont International University is located in the beautiful rolling hills of North Carolina known as the Piedmont. Its home, Winston-Salem, is an industrial, progressive city of approximately 229,000, highly enriched by its wealth of religious and general cultural traditions. Of special interest to both student and visitor is the restored 18th century Moravian community, Old Salem, located within walking distance of the campus.

The University, two blocks south of Business I-40 (Broad Street exit), occupies more than three city blocks approximately one mile from the downtown business section. Such a strategic position affords ample opportunity for employment of students who depend in part upon their jobs to remain in school. This location also provides many opportunities for practical Christian activity.

Adjacent to the University is Salem Baptist Church with its daycare ministry, kindergarten through the twelfth grade Christian school, camp ministry, and evangelistic outreach into the community.

Buildings

John M. Deeds Hall houses the George M. Manuel library; the cafeteria; faculty, business, and administrative offices; and classroom space.

Griffith Hall (men) and Lee Hall (women) provide spacious and comfortable living quarters for single students.

Stevens Hall provides apartments for married students. It also houses the Department of Music, Technology Department, and the School of Bible and Theology.

Pope Activities Center houses the chapel, the BLOC (student center and gift shop), the gym, locker rooms, and music practice rooms.

Grace Hall is named in honor of Mrs. Charles H. Stevens and is the home of the Executive Offices, Alumni Office, and Development Office as well as a museum featuring historical events and memorabilia from Piedmont International University, Spurgeon Baptist Bible College, and Atlantic Baptist Bible College.

Philosophy of Education

Education at Piedmont International University is based upon a distinctly biblical view of reality, truth, and values. Ultimate reality is found in God, who created the universe with purpose and sustains its existence with His power. Truth originates from God; it is embodied in Christ and revealed in the Scriptures. Ethics and morals are grounded in scriptural absolutes and the appreciation of art, athletics, music, and literature is based upon biblical principles.

Education at Piedmont International University has desired goals. Education is not merely the acquisition of knowledge or the accumulation of skills for financial success. The pursuit of higher education at Piedmont International University is the pursuit of a higher calling. Thus, the environment is one that prioritizes a personal saving relationship with Christ for every student. Then, upon this foundation, a biblical worldview is developed, where individual gifts and talents are molded around a proper understanding of the Scriptures, self, and society. The definitive goal is to produce graduates who combine outstanding general, biblical and professional education and who have the practical experiences necessary to effectively teach and defend the Gospel with exemplary lives of service to God, the local church, and others.

Statement of Faith

The Scriptures

We believe that the Holy Bible was written by men divinely inspired and is a perfect treasure of heavenly instruction; that it has God for its author, salvation for its end, and truth without any mixture of error, for its matter; that it reveals the principles by which God will judge us; and therefore is, and will remain to the end of the world, the true center of Christian union, and the supreme standard by which conduct, creeds, and religious opinions should be tried.

The Godhead

There is one and only one living and true God, an intelligent, spiritual, and personal Being, the Creator, Preserver, and Ruler of the universe, infinite in holiness and all other perfection, whom we owe the highest love, reverence and obedience. He is revealed to us as a Father, Son, and Holy Spirit, each with distinct personal attributes, but without division of nature, essence, or being.

God the Son

We believe that the Lord Jesus Christ was begotten of the Holy Spirit without a human father, born of a virgin, and is truly God and truly man, that His deity is absolute, wholly unique, and singular.

God the Holy Spirit

We believe in the personality and deity of the Holy Spirit, the third person of the trinity, who is the divine interpreter of the infallible word, who convicts the world, regenerates and indwells every true believer, testifies of Christ, energizes, enlightens, and constrains in the way of holiness.

The Fall of Man

We believe, according to the teachings of Scripture, that man was created a moral being in the image of God after His likeness, but man by voluntary transgression fell from his original sinless state. In consequence, the whole human race was involved in guilt, making all mankind now sinners, depraved in nature, spiritually dead, subject to the powers of evil, void of holiness, positively inclined to evil, and hopeless apart from divine grace.

The Resurrection of Christ

We believe in the resurrection of the crucified body of Christ, that this body, which was raised from the dead according to the Scriptures, was a literal body consisting of flesh and bone and that He ascended into Heaven and “sitteth on the right hand of God” as the believer’s High Priest and Advocate.

The Way of Salvation

We believe that salvation, according to the Scriptures, is wholly by grace through faith plus nothing. This salvation of the ill-deserving sinner is based upon the finished work of the Lord Jesus Christ, who became the sinner’s substitute before God and died a provisionary sacrifice for the sins of the whole world. Since the natural man is dead in trespasses and sins, at enmity against God, and blinded by sin and Satan to his own condition, it is only through the operation of the Holy Spirit using the Word that man is brought to repentance and faith. No degree of reformation, however great; no attainment in morality, however refined; no culture, however attractive; no ordinance or ceremony, however ancient and sacred; no feeling, however satisfying; no sincerity, however approved; no church membership, however authenticated, can in the least degree add to the value of the precious blood or to the merits of that finished work wrought for us by the Lord Jesus Christ.

Justification

Justification is God’s gracious and full acquittal, upon the principles of righteousness, of all sinners who believe in Christ. This blessing is bestowed, not in consideration of any work of righteousness which we have done, but as a state of most blessed peace and favor with God, and secures every other needed blessing.

The blessings of salvation are made free to all by the Gospel. It is the duty of all to accept them by penitent and obedient faith. Nothing prevents the salvation of the greatest sinner except his own voluntary refusal to accept Jesus Christ as Teacher, Savior, and Lord.

The Security of the Believer

We believe that all born-again persons are eternally secure in Christ, since the Scriptures teach that our justification before God rests upon the finished work of Christ alone and forever remains the unchanging grounds of the believer’s faith. This security is further guaranteed by the continuous High Priestly work of Christ in Heaven itself and by the work of the Holy Spirit who wrought in the believer regeneration and performs an unceasing ministry within his soul.

The Church

We believe that the church, the body of Christ, is composed of all those who have true faith in the Lord Jesus Christ. We further believe that the visible church or assembly is a congregation of baptized believers associated by covenant in the faith and fellowship of the Gospel; observing the ordinances of Christ, the true head of the church; looking to the Holy Spirit, the administrator, for guidance in exercising the gifts, rights, and privileges invested in the believer by His Work.

The Obligation of Holiness

We believe that all believers in the Lord Jesus Christ are called into a life of separation from the world to which they have been crucified by the death of Christ, and should abstain from worldly lust and such practices and habits as will retard spiritual growth or cause others to stumble and thus bring reproach upon the cross of Christ. The believer is called upon to walk worthily, keeping himself unspotted from the world, and to be zealous of good works.

The Evangelization of the World

We believe in the evangelization of the world, placing emphasis upon the task of reaching the individual with the gospel and its implications, and that no humanitarian and philanthropic schemes may be substituted for the preaching of the Cross.

Biblical Interpretation

We believe in accepting the literal teaching of the Word. "When the plain sense of Scripture makes common sense, seek no other sense." Therefore, every declaration is to be taken in its primary, ordinary, literal, and its most obvious meaning unless the facts of the context and the well-defined laws of language clearly indicate the terms either to be symbolic or figurative and not literal. Whatever is not literal must be explained in the light of other passages which are literal.

Creation

We believe in the Genesis account of creation, which teaches that all things found their origin in God Who created by His own fiat, instantaneously, every living thing after its own kind.

The Return of Christ

We believe, according to Scriptures, in the sure return of the Lord Jesus Christ; that this second coming will be a literal, bodily, personal return; and that His coming for His bride, the Church, constitutes the "Blessed Hope" set before us, for which we should be constantly looking. We believe that His coming will be premillennial.

Eschatology

1. The righteous dead

We believe that the souls of those who trusted in Christ for salvation will go immediately at death into His presence and there remain in conscious bliss until the resurrection of the righteous dead at the second coming when soul and body shall be reunited to ever be with the Lord in glory.

2. The unrighteous dead

We believe that the souls of the lost remain after death in conscious misery until the final judgment of the great white throne when the soul and body will be reunited in resurrection to be arraigned before God in judgment and then cast “into the lake of fire, which is the second death” to be “punished with everlasting destruction from the presence of the Lord and the glory of His power.”

We believe in the reality of the person of Satan, “that old serpent, called the Devil and Satan, which deceiveth the whole world.”

Points of Conviction

A. Inspiration of Scripture

Inspiration is verbal, plenary, and the Bible is infallible and inerrant in its entire 66 books. (I Tim. 3:16; 2 Pet. 1:19-21; I Cor. 2:13; Gal. 3:16; John 10:34-35)

B. Charismatic movement

Speaking in tongues is not for this age. The current charismatic involvement has its emphasis on experience and is in grave error. (I Cor. 14:22; 2 Cor. 12:12; Heb. 2:3-4)

C. Offices and ordinances of the Church

The two offices of the local church are pastor and deacon, and the two ordinances are baptism and the Lord’s supper. (Phil. 1:1; I Tim. 3:1-13; Acts 20:17,28; Tit. 1:5,7; I Pet. 5:1-2; Matt. 28:19-20; Acts 8:36-39; Rom. 6:3-5; Col. 2:12; I Cor. 11:23-26)

D. Evolution

Evolution is contrary to the Word of God, and proper biblical belief leaves no place for theistic evolution. (Eph. 3:9; Rom. 11:36; Col. 1:16-17; Gen. 1-2; Exod. 20:11)

E. The Rapture of the Church

The rapture of the Church is imminent and will precede the Tribulation. (Phil 3:20; Tit. 2:13; John 14:1-3; I Cor. 15:51-55; I Thess. 4:13-5:11; Rev. 3:10)

F. Civil government

We believe that God has ordained and created all authority consisting of three basic institutions: (1) the home, (2) the church, and (3) the state. Every person is subject to these authorities, but all, including the authorities themselves, are answerable to God and governed by His Word. God has given each institution specific biblical responsibilities and balanced those responsibilities with the understanding that no institution has the right to infringe upon the other. The home, the church, and the state are equal and sovereign in their respective biblically assigned spheres of responsibility under God. (Rom. 13:1-7; Eph. 5:22-24; Heb. 13:17; I Pet. 2:13-14)

G. Human sexuality

- a. We believe that God has commanded that no intimate sexual activity be engaged in outside of a marriage between a man and a woman. We believe that any form of homosexuality, lesbianism, bisexuality, bestiality, incest, fornication, adultery, and pornography are sinful perversions of God's gift of sex. We believe that God disapproves of and forbids any attempt to alter one's gender by surgery or appearance. (Gen. 2:24; Gen. 19:5,13; Gen. 26:8-9; Lev. 18:1-30; Rom. 1:26-29; I Cor. 5:1, 6:9; I Thess. 4:1-8; Heb. 13:4)
- b. We believe that the only legitimate marriage is the joining of one man and one woman. (Gen. 2:24; Rom. 7:2; I Cor. 7:10; Eph. 5:22-23)

H. Family relationships

We believe that God has ordained the family as the foundational institution of human society. We believe that men and women are spiritually equal in position before God, but that God has ordained distinct and separate spiritual functions for men and women in the home and the church. The husband is to be the leader of the home, and men are to be the pastors and deacons of the church. Accordingly, only men are eligible for ministerial licensure and ordination by the church. (Gen. 1:26-28; Exod. 20:12; Deut. 6:4-9; Ps. 127:3-5; Prov. 19:18, 22:15, 23:13-14; Mk. 10:6-12; I Cor. 7:1-16; Gal. 3:28; Eph. 5:21-33, 6:1-4; Col. 3:18-21; I Tim. 2:8-15, 3:4-5,12; Heb. 13:4; I Pet. 3:1-7)

I. Lawsuits between Believers

We believe that Christians are prohibited from bringing civil lawsuits against other Christians or the church to resolve personal disputes. We believe the church possesses all the resources necessary to resolve personal disputes between members. We do believe, however, that a Christian may seek compensation for injuries from another Christian's insurance company as long as the claim is pursued without malice or slander. (I Cor. 6:1-8; Eph. 4:31-32)

J. Abortion

We believe that human life begins at conception and that the unborn child is a living human being. Abortion constitutes the unjustified, unexcused taking of unborn human life. Abortion is murder. We reject any teaching that abortions of pregnancies due to rape, incest, birth defects, gender selection, birth or population control, or the physical or mental well being of the mother are acceptable. (Job 3:16; Ps. 51:5, 139:14-16; Isa. 44:24, 49:1,5; Jer. 1:5, 20:15-18; Luke 1:44)

Student Life

Spiritual Life

Piedmont International University campus life contributes to the spiritual development of its students with dorm devotions and prayer meetings. In addition, the University sets aside a special week for prayer each year when students, administrators, faculty, and staff meet to remember the needs of the University family. Unlike secular universities, classes at Piedmont begin with prayer, and courses are taught with the goal of helping students develop spiritually.

Chapel Attendance

The Chapel service is a central part of each class day. Speakers are chosen who will present a warm spiritual emphasis to encourage, uplift, and inform.

Attendance is compulsory at the annual Celebration Days, the annual Missions Conference, all meetings scheduled in place of daily chapels, and selected events.

Conferences

Each academic year is highlighted by a series of conferences and special emphasis weeks. During the fall semester, students participate in Spiritual Life Week and Missions Conference. Excellent Bible preachers, church leaders, and missions' representatives are invited to the campus throughout the year. The spring semester culminates in Celebration Days, featuring great Bible preaching, alumni activities, musical performances, and Commencement.

Church

The University believes that regular church attendance is important to the spiritual growth of the Christian. Therefore, students are required to be faithful in attending the services of their local churches.

Students are required to attend churches that are Baptist in polity and doctrine. A student who wishes to continue attending his or her home church may request permission to do so as part of the admission process.

Students benefit from the conferences and special meetings of Salem Baptist Church as well as services held in other local Baptist churches.

Fine Arts

The University sponsors and the department of music presents a Fall Music Festival featuring guest performers and Christian school bands and choirs from across the

Carolina region. In addition the department presents a number of concerts and recitals throughout the school year giving students the opportunity to enjoy a variety of excellent performances. Candlelight Carols is the Christmas concert, an event appreciated by the community. There is also a special music concert presented in the spring.

Christian Ethics

It is the goal of Piedmont International University to provide a Christian atmosphere and one that challenges students to live lives pleasing to Christ, guided by biblical standards and manifesting the fruit of the Spirit.

The University expects believers to exemplify Christian love, consideration of the rights of others, honesty, and a high sense of Christian ethics. In keeping with that which Christ taught to be essential in the character of Christians, believers are to avoid gossiping, backbiting, and maligning of character.

Christian Service

An integral part of the University program is involvement in Christian ministry. Christian service provides students with the opportunity to apply what they have learned in the classroom and to gain invaluable experience for their future ministries. Emphasis is given to building faithfulness and commitment to local churches where students serve throughout their college years.

Reports about Christian Service activity are completed regularly. A satisfactory Christian Service recommendation is a requirement for graduation.

Character and Conduct

Piedmont International University seeks to provide an atmosphere conducive to serious study and to the development of strong Christian character. Inasmuch as the welfare of the group and the individual is best promoted by adequate accountability, appropriate rules and regulations are published in the *Student Life Guide*. During Registration, students must sign a signature page stating that they agree to abide by the guidelines contained therein.

Students whose general conduct and influence are considered to be out of harmony with the standards of this handbook or out of harmony with standards of life and work believed to be essential to the academic, spiritual, and social welfare of the University may be expelled, suspended, or refused readmission. The University reserves the right to request withdrawal even though there may be no specific breach of conduct calling for dismissal.

Student Complaint Policy

Students may register complaints with the Student Development Department. A confidential file is kept in the office of the Student Development Administrative Assistant. Each complaint is addressed by the Student Complaint Committee in a timely manner. The student will be notified of any action taken by the Student Complaint Committee. Should the action be deemed by the student as insufficient, that student may appeal through the office of the Provost. A final institutional appeal may be submitted to the Board of Trustees through the President. After all institutional avenues are exhausted, the student may contact TRACS at 15935 Forest Road, Forest, Virginia 24551 or call 434.525.9539

Employment

Students are expected to apply themselves conscientiously to their studies and will find it necessary to limit employment accordingly. Employment is available to students on campus and in the surrounding community.

Admissions Information

Standards for Admission

High School Foundation

Students planning to enter Piedmont International University will benefit by taking college preparatory courses rather than technical or vocational courses. Students who have at least two years of language study, such as Latin, French, German, or Spanish, will find such study helpful. Anticipation of entering Piedmont International University should encourage students to pursue serious study in high school education. The better the foundation in such courses as English and history, the more readily students adapt to the more exacting requirements of the University curriculum.

Admission to Piedmont International University is predicated upon graduation from a high school of approved standing or successful completion of the General Education Development Test of the High School Equivalency examination (GED). The following courses are strongly recommended as forming the best foundation for study at Piedmont International University: four units of English; two in science, including one in biology; three in mathematics; two in social studies; and two in foreign language.

Personal Qualifications

Piedmont International University admits students of any race, sex, color, handicap, or national and ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students of the institution. In accordance with its doctrinal position (particularly the Points of Conviction), Piedmont does not discriminate on the basis of these categories in the admission of students and in the administration of its policies and procedures.

Each applicant for admission to Piedmont International University shall give evidence of the experience of the new birth. His/her character shall conform to the Christian life standards of the Scriptures, as witnessed by recommendations from certain references named by the applicant on his/her application form. It is not essential that every prospective student be pledged to full-time Christian service. On the other hand, there should be a set purpose to minister as a servant of Jesus Christ. Applicants will be asked to indicate essential agreement with the Statement of Faith of the University.

Application Procedure

The prospective student should complete the following steps:

1. Complete and submit an application online at www.PiedmontU.edu. The application should be accompanied by an application fee which can be submitted via web instructions.
2. Request official transcripts from high school and any other college(s) attended to be mailed to the attention of the Admissions Office.
3. Each applicant for admission to Piedmont International University is required to take either the ACT or SAT. However, applicants for admission who hold bachelor's degrees and/or are over 25 years of age may be exempted from these tests. ACT/SAT Scores will be utilized for program admission and course placement. ACT Testing is available on the campus of Piedmont International University. Information on national test dates and sites may be secured through the local school guidance office, public libraries or the University Admissions Office.
4. Submit a Personal Testimony and recent digital photo as an email attachment to the personal admissions counselor.
5. Request that the Pastor's Reference and General Reference forms be completed by an appropriate non-relative adult.

Notification of Applicant

After receipt of all application materials, the Admissions Committee considers each applicant and notifies him/her of its decision. The committee must be persuaded that each applicant is in fundamental accord with the theological as well as Christian life standards of the University before his/her request for admission is validated. Since no decision can be rendered until all information has been received, it is to the applicant's advantage to hasten the process by acting promptly and double checking those whose cooperation is required to complete forms for references.

Non-Discrimination Policy

Piedmont International University admits students of any race, sex, color, handicap, or national and ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students of the institution. Piedmont is proud to count Bob Patterson as an alumnus. FEDERAL GRANTS, LOANS, AND WORK-STUDY

Receipt of federal student aid is based on need. It requires that the student has been accepted as a regular student in an approved program, is a citizen or an eligible non-citizen, is making satisfactory academic progress, and is enrolled in courses which apply to his program. To qualify for federal aid, the student must complete a Free Application for Federal Student Aid (FAFSA). If the application is selected for verification, verification must be completed before any financial aid can be guaranteed.

Direct Loans (Formerly Stafford Loans)

This government-insured loan program with low interest rates is available through the Department of Education. Repayment of these loans can be deferred until after graduation. Instructions for application are available on the Financial Assistance page of the website. Completion of the Free Application for Federal Student Aid is required for a Direct loan. Amounts borrowed may not exceed the cost of education, less financial aid, per year. Final approval for student loans will be determined by the Financial Assistance Office.

Federal Pell Grants

This grant is from the U.S. federal government to qualifying students with financial need. The amount of the grant is determined by the government and is based on financial information provided by the student on the Free Application for Federal Student Aid (FAFSA). Applications are available in January at the website www.fafsa.ed.gov and should be submitted early to ensure approval by the beginning of the school term.

Federal PLUS Loans

PLUS Loans are for parents who are borrowing to help pay their child's education or desiring to provide additional funds for educational expenses. Interest rates and repayment requirements vary. Amounts borrowed through each program may not exceed the cost of education, less financial aid, per year. Instructions for application are available on the Financial Assistance page of the website. Completion of the Free Application for Federal Student Aid is required for a Direct loan. Final approval for PLUS loans will be determined by the Financial Assistance Office.

Federal SEOG

Supplemental Educational Opportunity Grants are awarded to students who demonstrate need with priority given to Pell Grant recipients. Amounts vary according to SEOG funds available to the University and other financial aid a student has received.

Federal Work-Study

This program provides on-campus jobs for students who need financial aid, thus giving them an opportunity to earn money to help pay educational costs. The Federal Work-Study award varies according to funds provided to the University and aid received from other programs. Students will be paid at least the current federal minimum hourly wage. Students must first complete the Free Application for Federal Student Aid and must be making satisfactory academic progress.

ADDITIONAL INFORMATION

If the University does not receive the funding for any scholarship or grant, it will not be awarded. Also, funds for all institutional scholarships are limited. A student has 150% of the time requirements in the catalog to finish a program. Any excess time may affect the amount of money available in a semester from federal and institutional student financial aid programs.

Institutional financial aid cannot exceed the cost of tuition for any individual semester.

The University uses "dependent child" as defined by the U.S. Department of Education's FAFSA application.

VERIFICATION POLICY

Verification is the process of confirming the accuracy of students' information as reported on his FAFSA application. The University is notified by the U.S. Department of Education of applications that require verification. In addition, the Financial Assistance Office may select a student if there is a discrepancy or a condition which is unusual and warrants investigation. The U.S. Department of Education gives the University the authority to request copies of certain financial documents from the student and spouse or parents in order to accomplish this task. The student may be notified by the Department of Education and by the Financial Assistance Office that verification is required. Documents can include, but are not limited to, student and spouse/parent tax returns, W-2 forms, and verification worksheet. Links to the verification worksheets are available on the Financial Assistance page of the website. Instructions are on the worksheets.

The student is required to submit in a timely fashion all information requested for the verification process. The student's financial aid cannot be processed until the verification is complete. All financial aid must be processed in its entirety before the end of the semester to satisfy the debt on the student's account. Failure on the part of the student to fulfill his/her financial obligation to the University can result in the student's removal from class attendance.

If the verification reveals changes that need to be made to the FAFSA to ensure that it is accurate, the Financial Assistance Office will make those on behalf of the student. Any resulting change to the EFC that causes a variance in the amount of Pell grants, loans, or scholarships will be reported to the student in an Award Notice.

FINANCIAL AID APPEALS POLICY

The student who wishes to appeal loss of financial assistance should submit a letter to the Provost to be reviewed by the Academic Appeals Committee. Successful appeals are usually based on factors beyond the student's control and include, but are not limited to, death in the immediate family, serious accident or illness, or loss of child care.

Academic Policy

Educational Objectives

The educational program is designed to prepare young people for Christian service as pastors, evangelists, missionaries, educators, student ministry pastors, counselors, musicians, non-profit managers, and sports ministry directors.

Educational Process

The educational process as conceived by the Bible college philosophy is directed toward the orientation of the entire personality including body, mind, and spirit. It is a process of development to lead students into the knowledge of both natural and revealed truth. Such knowledge provides the criteria and force for a right relationship to God, society, and humanity.

Areas of Learning Experience

The complete educational process at Piedmont International University includes four areas of the learning experience. In the first, mental development, students acquire truth and adjust their thinking accordingly. In the second area, spiritual growth, the ethical and moral principles of the Word of God become an activating force in the lives of students. In the third area, cultural development, students are encouraged to cultivate habits of refinement in speech, conduct, and social ethics to relate properly to society. In the fourth area of the learning process, applied work, students develop skills in the practical application of the knowledge and methods acquired in the classroom and campus life to the needs of the society in which they move, thus preparing them for obedience to the Great Commission.

Theological Curriculum

The theological curriculum is composed largely of courses in biblical studies, systematic theology, Christian apologetics, and practical theology. This curriculum covers the entire English Bible. Studies in the field of systematic theology ground students in the doctrinal fundamentals of the faith. Apologetics confirms students in their beliefs by presenting proofs for the divine authority of Christianity. Practical theology courses are designed to provide methods and develop skills for an effective Christian witness.

Student Participation

Students, not the teacher, occupy the central place in the learning process. It is not simply through exposure in the classroom to an academic lecture that students are enlightened with regard to truth. They must actually participate in the learning process through research projects, special papers, assignment preparation, class discussion, and recitation if they are to be truly taught. In addition, there is the added

and unquestioned value of the on-the-spot Christian service training program to provide learning internship. These apprenticeships make theoretical instruction meaningful and enable students to gain the practical experience necessary for skillful service. This was the educational method employed by our Lord to instruct His disciples, and it is equally effective in the training of the twenty-first century disciples. This practice is likewise the method of Piedmont International University, where the scholastic, social, athletic, and practical Christian service activities are all integrated to achieve the true objective of formal education in general and Christian education in particular.

George M. Manuel Library

The George M. Manuel Library was named in honor of a man who served the institution faithfully as history professor, dean of men, and the first professional librarian. The present library facility, the west wing of Deeds Hall, was dedicated October 22, 1970.

The value of classroom instruction is enhanced considerably by directed reading and research in the literature bearing upon the subjects under study. The well-chosen library of more than 62,000 volumes provides this needed supplementation. Contemporary thought is well represented by the more than 300 periodicals which the library receives in print and through its connectivity with online databases, including international theological journals.

Grading Schedule

Grading Symbols

- A.....100-93 - Superior Scholarship
- B.....92-85 - Above Average
- C.....84-77 – Average
- D76-70 - Below Average
- FBelow 70 – Failure
- WPPassing at the time of withdrawal from class/university. This does not affect the student’s GPA.
- WFFailing at the time of withdrawal from class/university. This will affect the student’s GPA in the same manner that an F would.

- P.....Passed

Point System

The 4.0 system of awarding academic credit is used. One credit hour is awarded for a class meeting one hour per week for a semester, two credit hours for a class meeting two hours per week, etc. Quality points are awarded using the following scale:

4 points for each credit hour of A-grade work

3 points for each credit hour of B-grade work

2 points for each credit hour of C-grade work

1 point for each credit hour of D-grade work

0 points for each credit hour of F-grade work

Grade point averages are determined by dividing quality points by credit hours.

Undergraduate Grade Replacement

Students are allowed to repeat courses in which they have received grades of D or F. The lower grade will remain on the transcript, but it will not be used in the computing of the student's GPA. The student is allowed only one attempt to replace a D in a course but multiple attempts to replace an F (only the original F will not be used in computing the GPA). Students who do not attain a C or better after two attempts in designated major courses within their program must receive approval from their respective school's faculty and the Provost before being allowed to continue in their program of study.

Online Policy for Main Campus Students

Main campus students may enroll in on-line courses with the approval of the student's academic advisor. Students on Academic Probation need to seek the additional approval of the Director of the Couch Learning Center.

Absences

Students are expected to attend classes regularly. Absences, except for matters of absolute necessity or illness, should be avoided. Each absence beyond the permitted number of cuts per class results in a two-point reduction of the final grade. Three tardies in a class per semester equals one absence (*See Student Life Guide*).

Commencement Attendance

Students are required to attend commencement. Limited exceptions may be made based upon written requests presented to the Provost at least two weeks prior to Commencement. Grades are reduced one letter for failure to comply with this regulation except when the reduction would result in failure of that course.

QUANTITATIVE MEASURES

Academic Load

The minimum number of hours to be classified as a full-time student is 12 hours per semester. Most semesters a student will average 17 hours. (See program requirements for each semester's normal load.) In limited cases, students who have demonstrated the ability may carry more than 18 semester hours with approval by the Provost. A student has 150% of the time requirements in the catalog to finish a program.

Records of Progress

Records of progress are kept by this institution on veteran and non-veteran students alike. Progress records are furnished for the students, veterans and non-veterans alike, at the end of the scheduled school term.

Academic Advising

Faculty members are required to check student academic progress by periodic examinations, term papers, class reports, and such other means as seem desirable to estimate achievement. Grades are recorded by the Registrar's Office and then provided to the student on his/her student portal.

Individual counseling at regular intervals supplies further stimulation for advancement. Each student is assigned an academic advisor upon enrolling. Periodic advising sessions are required at midterm and pre-registration. Students are encouraged to discuss both academic and personal issues with their advisors at other times, as needed. Additional information is available in the Total Life Advising brochure.

Academic Review Process

All students will be reviewed for satisfactory progress at the end of the fall, spring, and summer semester. A student fails to demonstrate satisfactory academic progress if he/she is academically suspended or does not meet the requirements for maintaining a 67% completion rate. A student who does not meet the satisfactory academic progress standards will be terminated from financial aid assistance. A terminated student is ineligible for any further financial aid, including student loans, until satisfactory academic progress is re-established. A student who wishes to appeal his/her status should do so within one week of notification by following the Academic Appeals Policy.

Academic Assistance

Students at the main campus whose academic record does not qualify them for standard admission may be recommended by the Admissions Committee for acceptance on the Academic Assistance Program. Acceptance is contingent on participation in the required Academic Assistance coursework. Any course substitution must be approved by the Academic Review Committee.

Academic Probation

A student is placed on Academic Probation when his/her cumulative grade point average (GPA) falls below 2.0. When a student is placed on Academic Probation, he/she will receive a letter from the Registrar including notification of that status and providing a contract explaining the requirements of participating in the Academic Enrichment Program.

Continued enrollment will be contingent on agreeing to participate as indicated by returning the signed contract. Students on Academic Probation may continue to receive federal financial aid.

Academic Suspension

A student is placed on academic suspension if his/her work drops below a certain GPA. To avoid academic suspension, students who have attempted 30 hours at Piedmont International University and who have been classified in a probationary status (Academic Assistance or Academic Probation) for at least one semester must meet the following minimum grade point average for all classes attempted.

1.8 GPA for up to 70 hours attempted

1.9 GPA for 71 hours or more attempted

2.0 GPA to be admitted to the senior class

Students who have GPAs below the levels specified above for continuing enrollment will be suspended at the end of the academic year (defined as the end of summer sessions in that year) in which they attempted their thirtieth hour. The suspension will last for a period of one semester (excluding summer), and the student must reapply for admittance and must meet any standards mandated by the Admissions Committee at that time. Students re-entering from Academic Suspension will be re-admitted on Academic Probation and will not qualify for Federal Financial Aid or institutional scholarships until they meet appropriate GPA and Rate of Completion requirements.

Academic Appeals Policy

Any student desiring to appeal an academic decision should begin by discussing the situation with the appropriate professor. If not satisfied with the response, the student should contact the dean of the appropriate school. If a conflict persists, the student should submit a written appeal to the Appeals Committee through the Provost. The committee is composed of the members of the Academic Review Committee (Director of the Couch Learning Center, Registrar, and Provost) plus one student appointed from the elected student officers and one student appointed from the Resident Assistants. The committee will review the appeal and respond in writing. A final institutional appeal may be submitted to the Board of Trustees through the President. After all institutional avenues are exhausted, the student may contact TRACS at 15935 Forest Road, Forest, Virginia 24551 or call (434) 525-9539.

Couch Learning Center

The services of the Couch Learning Center are provided for students in need of help with basic study skills, reading, writing, and mathematics. It is the desire of the faculty and staff to provide these services so the student will have a greater capacity to learn and acquire necessary skills to serve the Lord. The Couch Learning Center offers study skills and test-taking assistance, motivational skills and survival strategies, improved reading skills and comprehension, time and stress management, computer-assisted instruction, referrals to counseling, one-on-one tutoring, and learning style discovery and assistance.

A course which is dropped because of a failing grade will be recorded as a failure. No course may be dropped after the tenth week of a semester class, after the fourth week of an online class, after the second week of the month-

long modules, and after the third day of the week-long modules. Courses dropped without permission will be recorded as failures.

Students must also consult the Registrar, the Financial Assistance Office, and the Student Accounts Associate prior to withdrawal.

If a student's attitude or conduct does not conform to his/her pledge, the University reserves the right to request withdrawal. The same holds true if the student demonstrates that he/she is unsuited to the work of the University because of inability to maintain a satisfactory grade point average.

Grades are recorded as Withdrew Passing or Failing as of the day of withdrawal. Financial obligations are also computed as of that date. A complete refund schedule is included on the Schedule of Fees which is available in the Financial Assistance Office or on the Piedmont International University website, www.PiedmontU.edu.

7. Shall have paid in full his/her account with the University.
8. Must have received a decision of eligibility for graduation from the Faculty.

Delayed Graduation

Students who drop out of the University for a year or more and later return to graduate must meet the requirements in effect for the catalog of the year in which they re-enter. Continuing students who change majors must meet the requirements of the catalog in effect for the year in which they make the change.

Graduation Rate

Pursuant to the Federal Student Right-to-Know Act, the completion or graduation rate in 2010-2011 for students who entered Piedmont International University in 2005 on a full-time basis was 55%.

Honors

Dean's List

Names of full-time students are placed on the Dean's List when their semester grade point averages are 3.3 or higher. This honor is in keeping with the biblical injunction of Romans 13:7 to give honor to whom it is due.

Honor Graduates

At commencement, honors are given on the following basis to students who maintain high academic averages: cum laude - 3.3, magna cum laude - 3.6, summa cum laude - 3.85. Such achievement is recorded on the student's permanent record.

Award of Excellence

Piedmont International University recognizes superior scholarship and excellence of Christian character with an Award of Excellence. To qualify for this award, a student must have a minimum grade point average of 3.3 and be in the top seven percent of the senior class.

Who's Who

Carefully selected students are nominated annually for membership in Who's Who Among Students in American Universities and Colleges.

Note: Students already holding a bachelor's degree are not eligible for the Award of Excellence or Who's Who awards.

Official Transcripts

Official transcripts may be obtained through the Registrar's Office of the University. Transcripts are issued only on the basis of written authorization. A fee of \$5.00 is charged for every transcript. Mid-semester and final grade reports are not official transcripts and are issued only to the student.

Summer Semester

Piedmont International University offers a combination of on-campus and online sessions during the summer. Each session is equivalent to 15 weeks of academic study. These sessions are designed for students who want to enrich their programs of study or to correct deficiencies. Students of other colleges or universities may take

courses for transfer credit. Individuals may take courses to improve their Bible knowledge or enhance their Christian service. The summer courses consist of representative courses from the University curriculum that are offered on a demand basis, as well as a significant offering of online courses. The University reserves the right to cancel any class with fewer than four students. Courses are normally taught by resident faculty members.

A full-time load for summer school is considered 12 hours over any combination of sessions. No student may register for more than three courses in one session. Directed studies begin the first day of the first summer school session and must be completed by the last day of the summer semester.

Independent Studies

Students desiring credit for a independent study should submit a formal request to the Provost. The policy and form may be obtained from the Registrar's Office. The request should include a valid, detailed rationale for needing the directed study.

Distance Education

Spurgeon Online makes a significant number of Piedmont degrees available at a distance. Programs available in their entirety are identified as such in this catalog. Qualified students may earn an Associates, Bachelors, or Masters degree. Online courses are taught via highly interactive, web-based delivery systems. All courses are designed and taught by faculty with appropriate academic credentials, many of whom teach at the main campus as well. Course content is regularly reviewed for comparability with traditional classes. This review includes syllabi and textbook comparison, student outcomes evaluation, credit hour policy compliance, and faculty evaluations.

Piedmont International University defines a credit hour in a traditional classroom as one hour of formal classroom instruction accompanied by approximately 2 hours of study/academic work outside of the classroom. The Institution further defines online comparability by a comparison of "time on task" which takes into account online lecture (whether video, audio, or print), student discussion, research, writing assignments, projects, assessments etc. In addition the accomplishment of all significant learning outcomes is considered.

Online student identification is based on course syllabus policy statements, student affirmation on every assignment and examination, chat room participation, telephone interviews, institutional email addresses, and password protected course and portal access.

The University policies of privacy and integrity find their rationale in Federal Law and the Scriptures. Abiding by the policies established by the University makes student academic success possible.

School of Bible and Theology

LARRY TYLER, Ph.D.
DEAN

Overview

Central in the studies comprising the educational program of the University are the courses in Bible. To be thoroughly and safely educated, the student must be grounded on the bedrock of the revealed Truth. If there is to be a piety of character, correctness of conduct and achievement in service, the motivation for such ends must come from a discerning knowledge of God's Word. In avowing the centrality of Jesus Christ, the Christian philosophy of education makes mandatory a knowledge of the Book that makes Christ known.

The School of Bible and Theology seeks to demonstrate the integrity of the Bible text, to unfold the meaning of that text, and to reveal its influence on the minds, methods, and actions of men throughout the course of the Christian era.

This School offers a core of Bible courses that are required for all degree programs. The core is as follows:

Approved Bible Core – 30 hours

- Old Testament Survey

- New Testament Survey

- Life of Christ

- Pentateuch

- Baptist History

- Bible Doctrine I

- Bible Doctrine II

- Biblical Interpretation I: Principles of Biblical Interpretation

- Biblical Interpretation II: Dispensationalism

- Biblical Interpretation III: Issues in Eschatology

- Pauline Epistles I*

Bachelor of Arts - Bible, Holy Land Studies

The course offerings for this program are in conjunction with the Baptists for Israel Institute. Piedmont International University and Baptists for Israel Institute offer students the experience of living, working, and traveling among the people of Israel, the Land of the Bible. Students learn about the unique culture of the Jewish people and participate in their biblical holidays in order to serve among the Jewish people.

Students learn the language of the Old Testament, Hebrew, in the classroom and immediately practice each new word as they work and visit the people. The knowledge gained in Cross Cultural Communication can immediately be put to use. In Geography of Israel, the land is the classroom, and the student walks on the map. Jewish culture and customs learned in class are then observed in the land. Biblical holidays, such as the Feast of Tabernacles, Hanukkah, and Passover, are studied, and then students join in the celebration of them.

Students study three years on the campus of Piedmont International University and one year in Israel in conjunction with the Baptists for Israel Institute. While in Israel, students work on a kibbutz and complete an internship or practicum.

Objectives:

Upon completion of the program, the student should be equipped to do the following:

- Describe the unique culture and customs of Jewish people
- Demonstrate the knowledge of the geography of Israel
- Serve cross-culturally in the State of Israel

School of Ministry

JAMES HAYES, M.R.E.
ACTING DEAN

Associate of Arts – Christian Ministries

The program is designed for those who serve in church-related ministries such as assistant pastors, music directors, student ministry pastors, Sunday School teachers, or children’s workers. In general, the program is designed for individuals who need training for specialized ministries and is not designed to substitute for a regular four-year degree program.

Piedmont International University offers its programs in Christian Ministries for the purpose of equipping men and women to communicate effectively God’s truth to their generation. Its primary focus is on the preparation of pastors, missionaries, youth leaders, and lay church leaders in their respective ministries of training others.

This training involves both winning individuals to Christ and discipling them with the ultimate goal that they be transformed into His likeness. While His truth in our message must never be altered, our methods should be constantly examined to determine their conformity to Scriptural principles, relevance, and effectiveness.

A person may opt for one of four different ministry modules: church education, music, pastoral, or student ministry. A student will receive one year of Bible, one semester of general education, and one semester of ministry courses. This program is especially appropriate for spouses of Piedmont students enrolled in regular degree programs.

Objectives:

Upon completion of the program, the student should be equipped to do the following:

- Demonstrate a general knowledge of the Bible as a foundation of all Christian service
- Exhibit skills in a selected area of ministry in a local church
- Appraise and defend a biblical worldview in personal and professional life applications

School of Arts and Sciences

RONALD SMITH, D.M.A.
DEAN

Overview

General Studies

General education studies in the School of Arts and Sciences provide a general understanding of the world including the appropriate use of spoken and written English, a broad view of history, an understanding of social institutions, a comprehension of human nature, an appreciation of cultural values, and a general knowledge of science. Bible courses also have general education value. The integrating principle in general education, giving unity and significance to knowledge, is biblical theism.

General education occupies a more prominent place in the four-year and five-year degree curricula of the university than in the associate of arts degrees. Integrated with the theological studies are courses in the humanities, the social sciences, and the natural sciences, approximating a core of general education courses in a liberal arts university curriculum. Such general education courses acquaint students with knowledge which gives them cultural and academic resources for more skillful and effective Christian ministry.

The associate of arts degrees, on the other hand, are largely restricted to Bible and Bible-related studies and are aimed at preparing students for lay ministries. This distinction enables students to evaluate intelligently and to choose among the various programs of study.

The degree programs in the School of Christian Ministry, while containing the essential general education courses of the liberal arts college, add the basic theological and practical studies of these professional schools, thus bringing into one institutional framework the courses necessary to meet the academic as well as the practical requirements of each student's chosen field of Christian service.

Those training to become full-time Christian workers should thoughtfully consider the distinct advantages of these degree programs.

Each curriculum provides a specialized educational program adequate to prepare students to serve with proficiency in those particular occupational areas of their Christian calling.

Upon completion of the general education studies, the students should be equipped to do the following:

- Communicate effectively in speech and writing, demonstrating skills such as creative expression, exposition, and argumentation.
- Think critically, logically, and constructively as they interpret and evaluate experiences, literature, language, and ideas.
- Develop aesthetic sensitivities and enhanced creativity.
- Cultivate knowledge of other cultures and appreciation for diversity.
- Construct an historical nexus for an appreciation of all other disciplines.

Music

Music programs at Piedmont International University are designed to prepare students biblically and musically for future music ministries in churches and schools. Each program offers a unique balance of biblical foundation, academic content, performance study, and practical experience. Majors are offered in church music and music education (see School of Education) and two minors (See Minors section).

Admission to any music program follows satisfactory completion of an audition. Two major and three minor programs are available (See Minors section).

Proficiency Prerequisites

Students who major or minor in music select a proficiency in voice, piano, organ, orchestral instrument, or classical guitar. Admission to any music program follows satisfactory completion of an audition. Prospective students who desire to major in one of the two programs offered through the Department of Music should strive to possess the following skills before entering their chosen field of study in order to be a successful college music major:

- Music Reading Ability - possess the ability to read music without the assistance of an individual who can read music. Voice students would benefit from taking some basic piano to enhance their music reading skills.
- Repertoire - gain stage experience by performing solos or in small ensembles during church or youth group activities. Stage experience will enable the prospective music major to overcome some of the nervousness associated with performing in public.
- Technique - learn to sing or play major scales. Basic ability to perform some major scales will greatly benefit the potential music major in private lessons and music theory courses.
- Practice habits - develop an enjoyment for practicing in the music major's proficiency with goals and objectives in mind that will allow the student to maintain regular, sustained periods of practice. Practicing outside of the lesson is crucial in the development and growth of the college music major.

The prerequisites outlined are by no means designed to exclude anyone from being a music major. They are given so that prospective music majors may know how to adequately prepare themselves for the lessons, courses, and performances they will be involved in while a university music major.

Auditions

All prospective music majors and minors must audition prior to registration. Students may also arrange an audition prior to the semester of enrollment by contacting the Dean of the School of Arts and Sciences when scheduling a visit to the university.

Prospective students should prepare two contrasting selections for the audition that demonstrate technique and musicality. In addition, students will be asked to sight read music in their proficiency. A Music Theory test is given to assess the student's needs in the areas of music fundamentals, aural skills, and sight singing. This test is administered prior to registration.

Performing Opportunities

Music students are provided with various performance opportunities including chorale, small choral and instrumental ensembles, solos, recitals, Chapel services, and weekly performance classes.

Overview

One of the purposes of Piedmont International University is to train teachers for a variety of educational settings. Piedmont is committed to developing quality Christian teachers who meet the professional requirements necessary for certification and/or licensure.

Teaching is viewed not as just a profession; it is a ministry that eternally impacts the lives of students. Our graduates are qualified by education and experience to teach in Christian, private, and/or public school environments.

Bachelor of Science degrees, which also include a Bible major, are offered in the following areas:

- Elementary Education (K-6);
- Elementary Education, Missions Emphasis (K-6)
- Health and Physical Education (K-12);
- Secondary English Education (6-12);
- Music Education (K-12).

A two-year Associate of Arts degree in Early Childhood Education (birth to 5 years) is available for students interested in training for a preschool setting.

Each program consists of a Bible core, a general education core, a Christian ministry core, a professional studies core, and the specialty area core. The School of Education has a set of competencies that, when fulfilled, will produce a teacher marked by professionalism and excellence. Specific program descriptions are contained in the *School of Education Handbook*.

These programs are designed to equip each graduate to do the following:

- Articulate a biblically based philosophy of education;
- Construct lesson plans and learning activities that integrate biblical principles;
- Define and explain the cognitive, affective, and psychomotor factors that promote learning;
- Compare and contrast the philosophy and operation of Christian and public schools;
- Evaluate and demonstrate the use of curricula, materials, technology, and pedagogy in the appropriate content areas;
- Formulate and incorporate a variety of assessment tools and evaluation methods;
- Recognize various exceptionalities and integrate suitable teaching and learning strategies;
- Teach students according to accepted professional standards;
- Recall basic legal and legislative issues that impact a school environment.

Admission to Teacher Education

When students initially enroll in the University, they must declare their intentions to prepare for teaching. Once students complete their first two years of course work and field experience, they apply for formal admission to the School of Education. This is a major step in progressing through the program to become a graduate. The process and the associated requirements are described in the *School of Education Handbook*.

Student Teaching and Internship

Student teaching is the capstone event for all students in the Bachelor of Science program in Teacher Education, and is done during the last semester of the senior year. Students seeking licensure from the State of North Carolina must complete their assignment in a public school. Students not seeking state licensure may, depending on circumstances, complete student teaching at a public school or a Christian school. Students in the Associate of Arts program will perform an internship at an approved local facility as part of their last semester of coursework. See the *School of Education Handbook* for additional details.

PRAXIS

Two important professional components of the teacher education program are the Praxis examinations. The Praxis I (or the Pre-Professional Skills Test) is a general examination of skills in reading, writing, and mathematics. It is taken within the first two years of the program by all education majors. Students may be exempt from this test if their university entrance examination scores are sufficiently high enough. The Praxis II is the examination of professional knowledge that students take during their senior year, prior to, or during, student teaching. Not all students are required to take the Praxis II; see the *School of Education Handbook* for more details. These examinations require additional fees, which are charged by the Educational Testing Service (ETS). More information is available at www.ets.org/praxis.

Program Completion

To earn the Bachelor of Science degree from Piedmont International University, students must complete the following:

- Complete a minimum set of semester hours (depending on the major) with a grade-point average of at least 2.50. The student must make a C or better in key courses designated as essential in each program.
- Complete the program of studies described in the University catalog in one of the following areas: elementary education (with or without a missions emphasis), music education, physical education, or secondary English education. This includes course work in Bible, professional studies, Christian ministries, and general education. Your advisor will assist you through the process.

- Pass Praxis I, the Pre-Professional Skills Test, or have acceptable scores on SAT or ACT.
- Comply with the University's requirements concerning settlement of all financial obligations.
- Be recommended by the faculty for graduation.
- For Elementary Education majors, pass the Praxis II.
- Satisfactorily complete and submit the technology portfolio requirements.

Teacher Professional Certification

Students completing a teacher education program at Piedmont International University are eligible for teacher certification by both the American Association of Christian Schools (AACCS) and the Association of Christian Schools International (ACSI). State licensure is available to Piedmont International University students via an agreement with a local university. Information regarding this agreement is available in the *School of Education Handbook*

Numbering of Courses

Courses are offered in four schools: Bible and Theology, Ministry, Fine Arts and Sciences, and Education. Each course in the curriculum is identified by a number comprised of letters and digits. (Generally, the initial letter of the course symbol indicates the department, and the second, the academic discipline in which the course is found.)

The first digit represents the year (Freshman, Sophomore, etc.), and the third usually indicates the semester in which the course is taught. First semester courses are denoted by an odd final digit and second semester courses by an even final digit.. When appropriate, the second digit may be used to indicate level of difficulty.

The University reserves the privilege of withdrawing scheduled courses and making changes in the curriculum.
